## Ebaar Amader Kolkata Jeetbe!

Dear Citizens of Kolkata, Kolkata, they say, is not a city but an emotion - an emotion that embodies the celebration of culture, intellect, harmony, and warmth. The land of Swami Vivekanand and Guru Rabindranath Tagore, Kolkata has shown the path of cultural awakening to the rest of the world. Kolkata, today, stands at crossroads, where a bold decision made by its citizens, will restore the past glory that defined the very ethos of Kolkata. The collapse of Kolkata can be gauged from the fact that while earlier its Mayors were intellectuals - Shri Subhash Chandra Bose, an alumnus of Presidency College, it is now headed by those who have to be lodged in Presidency Jail for corruption! The time calls for a united pledge - a pledge against the autocratic tyrannical forces that have prevented the growth of the city for mere political gains. We have planned a "6 S Model" (Swastha Kolkata, Swachh Kolkata, Shikshit Kolkata, Surakshit Kolkata, Sanskritik Kolkata and Sobar Kolkata) to revive the city from its economic and political shambles and rebuild it into a City of Future. BJP's vision is to make Kolkata the engine of development for the entire state and all of Eastern India. We will bring back the lost Gourab to Kolkata's cityscape by building world-class infrastructure, boosting its economy, ensuring cleanliness, and providing a safe environment for its residents.
